

RE: Residential Energy Fitness Program

Hello,

Richard Heath and Associates (RHA) is launching the “*Residential Energy Fitness Program*”, to our community partners who may benefit from making quick and simple upgrades to their homes.

The Residential Energy Fitness Program is designed specifically to help you reduce your electric, gas, and water usage, and help you save money on your utility bills every month by offering **No Cost** energy-efficient upgrades for your home.

Here’s a quick summary of the program highlights:

- We will provide you with a comprehensive in-home energy assessment conducted by an authorized contractor to identify eligible energy efficient upgrades right for your home.
- Some of the **No Cost** upgrades available:
 - Introduction to LED light bulbs Including: Candelabra & Recessed Can Lighting (BR) Bulbs.
 - Energy efficient power strips
 - Smart thermostats
 - Low Flow Shower Heads
 - Faucet Aerators
- We can also help improve your existing heating and air conditioner efficiency through the following **No Cost** upgrades:
 - AC Tune-Up with a Coil Cleaning
 - Installation of a new air filter
 - Refrigerant charge
 - High efficiency blower motor
 - Enhanced time delay relay

Another unique feature about this program is that participating customers will be eligible to sign up to receive a quarterly report which tracks your energy savings and gives you specific tips for more ways to keep saving energy, water and money.

As a qualifying customer, **we will be calling you in the next few days to schedule an appointment**. In the meantime, feel free to call or email us if you have questions or if you’d like to schedule an appointment on your own. You can reach us at **1-866-455-0898** or savenow@energyfitnessinfo.com. Or visit our website at www.energyfitnessinfo.com

Thank you!
